

CITY OF PALM BAY GARBAGE AND RECYCLING COLLECTION UPDATE

**IMPORTANT - DO NOT USE YOUR NEW CARTS UNTIL MONDAY, NOVEMBER 15, 2010**

Dear Palm Bay Resident:

The City of Palm Bay, and our partner, Waste Management, have embarked on a new residential garbage and recycling program. An essential part of this program is the distribution of new 64-gallon garbage and recycling carts to you. Unfortunately, we have been advised by our cart manufacturer that there will be a delay in the distribution of the recycling carts.

Due to this delay, the following changes in the garbage and recycling collection program are being made:

- Your current service schedule will not change until Monday, **November 15, 2010.**
- Waste Management will continue with twice weekly pick-up through November 13, 2010. On **November 15, 2010** and thereafter, garbage will be collected weekly on the day that is indicated on your cart.
- The City will start billing you at the new lower rate October 1, 2010 even though your new collection schedule will not start until Monday, **November 15, 2010.**

We trust that as the program commences, you will find that curbside collection has never been easier or Greener.

Your service schedule will stay the same until November 15, 2010. The week of Monday, November 15, 2010, please begin using your new cart on the collection day stated on the cart.

We look forward to a Greener Palm Bay. If you have any questions, please call Waste Management at 321-723-4455. We join with Waste Management and the cart manufacturer to apologize for any inconvenience.

Sincerely,  
CITY OF PALM BAY
